(Twin)

We care.

Customised Pumps - No Additional Costs!

Product Features

- Vibrating diaphragm pump for gases
- Applicable as pressure or vacuum pump
- High efficiency
- Available in common supply voltages (AC and DC)
- Oil-free
- Maintenance-free
- Very long life
- Very cost effective

Application Examples

Particularly suitable for stationary devices such as:

- Gas monitoring
- Fluid level indicators
- Laboratory equipment
- Pipetting devices
- Industrial applications

Customisation

- We offer your customised precision pump without additional costs - even for small batches
- Outstanding quality - Made in Germany
- Excellent technical consultation and service by experts
- More than 40 years experience in pump applications
- Fast delivery - order your sample now!

Installation Notes

In order to minimise noise and vibration we recommend securing the pump in one of the following ways:

- with rubber mounting (see "Accessories")
- with padded double sided adhesive tape
- with Velcro (hook and loop) tape for easy assembly and service
- Put the pump in a box lined with foam. Motor wires and tubing for the pump can lead through a hole in the side of the box.

Accessories

Schwarzer Precision offers a comprehensive portfolio of pump accessories such as:

- mountings
- silencers + filters
- electronics
- check valves + pressure switches
